

The Division of Disability and Rehabilitative Services (DDRS) has updated the Home and Community Based Services (HCBS) Medicaid Waiver Provider database for all DDRS services through the Bureau of Developmental Disabilities Services (BDDS).

Notices were distributed specifying that any agency, without proper justification, that did not bill for BDDS Medicaid waiver services during the previous fiscal year (July 1, 2009 to June 30, 2010) would be removed from the active provider database. It was also explained in this letter that failure to return a justification by the deadline, or denial of a justification would result in automatic removal of those agencies as an active provider for the BDDS Medicaid waiver program.

Updates will occur each fiscal year. Providers that do not bill in a fiscal year will be subject to removal as an active provider for the BDDS Medicaid waivers: Developmental Disabilities (DD) waiver, Autism waiver and Support Services Waiver (SSW). You may reapply to become an approved waiver services provider by going through the provider application process.

Please note that the Division of Aging waivers are under a different division and the HCBS Medicaid Waiver Provider database for all DDRS services does not include the Division of Aging waivers: Aged and Disabled and Traumatic Brain Injury waivers.

Thank you.
